

## Culture and Color

**As an international company with its head office in Munich, ECT feels an obligation to support the sense of belonging within the company and identify with our region by sponsoring public events.**

In particular, we support many initiatives of the Munich Chamber Orchestra, which has received numerous international accolades for its unique program. At the heart of its artistic mission is the Munich subscription series, located in the Prince Regent Theater, which devotes itself to a specific theme each season. Since the 2006/07 season, ECT has been the principal sponsor of this concert series. We are also associated with the Munich Pinakothek for Modern Art through the late night concert series, which we jointly sponsor with BMW.

With our support, the Munich Chamber Orchestra took part in the Munich Biennale in 2008, an international festival for music theaters. As part of this sponsorship, the orchestra staged a dress rehearsal in our headquarters and employees received complimentary tickets for all events in Munich so that they and their families could attend.
